### **About the Secretary**

Sonny Perdue came by his knowledge of agriculture the old-fashioned way: he was born into a farming family in Bonaire, Georgia. From childhood, and through his life in business and elected office, Perdue has experienced the industry from every possible perspective. Uniquely qualified as a former farmer, ag-businessman, veterinarian, state legislator, and governor of Georgia, he became the 31st United States Secretary of Agriculture on April 25, 2017.
